

## **Forklift Electrical Parts**

Forklift Electrical Parts - Forklifts may be particularly marked to be utilized in dangerous places. A labeled truck indicates the design has met the minimum standards of ANSI/UL 558 intended for engine powered lift trucks or ANSI/UL 583 intended for electric forklifts for the type of label attached.

The application for labels meant for lift trucks can be found in National Fire Protection Association NFPA 505 - Powered Industrial forklifts including: Areas of Use, Maintenance and Operation, and Type Designations. Ask your local insurance provider and Fire Marshall for further information about the permitted uses of industrial powered lift trucks in your application.

If the lift truck has been proven to meet the outlined criteria, the following labels could be placed. A marked truck will have the model designation located on the forklift nameplate and will have one of the following labels attached.
