

## Concrete Hopper

Concrete Hopper - The self-dumping hopper accessory could automatically activate to both dump and release as the bumper release contacts the side of a dumpster. As soon as unloading is finished, the hopper could return to original locked and upright position. This particular piece of machinery also comes along with a cable which enables operation from the seat of the forklift to be able to have the choice of manually dumping the hopper. There is a locking chain provided so as to secure the hopper to the fork truck. This particular product is made with reliable and consistent robotic welds for utmost strength. The forklift dumping hopper also has a blue powder coat finish in order to maintain durability.
