Rockwell Part

Rockwell Parts - The company of AxleTech International is a large supplier of specialty vehicle drive-train systems and parts together with off highway vehicles. They take great pride in being a chosen supplier to their customer base. AxleTech strives to exceed and meet their customers' expectations for quality, service, technology and delivery. They believe in working within an environment which encourages the highest integrity with empowered teamwork, combined with a unremitting pursuit of results.

AxleTech International is a General Dynamics company. They believe strongly in actively utilizing principals of environmental safety and stewardship in how they do business. The company has put different programs in place to be able to articulate these values in their business policy. AxleTech gladly shares this policy and welcomes interested parties to offer them with any comments or questions, as they are glad to share and promote this policy with a greater understanding of their efforts. They are extremely devoted to improving and preserving the natural environment. AxleTech has an EHS program that not only protects the natural world but which even actively protects their employees and neighbors as well.

AxleTech prides themselves as being an innovative drive-train solutions provider. They specialize in designing and manufacturing planetary axles for both commercial and military applications. These applications range from airport ground support to construction equipment. AxleTech specifically designs axles in order to meet particular application demands. They have over one thousand various axle specs within their present offering. With more than 100+ years of history and skill, AxleTech proudly supplies the most complete solution for whichever of your axle needs. The company is well known in various commercial and military applications. They offer complete axle assemblies utilized for aftermarket replacement needs, along with servicing axle requirements for OE production. Their high mobility ISAS have added details that can be seen in the "ISAS" product collection.
